

	SUPER POWER 13.0
Input	5V $\approx$ 3A
Output	5V $\approx$ 2.4A
Output Quick Charge	5V $\approx$ 3A $\cdot$ 9V $\approx$ 2A $\cdot$ 12V $\approx$ 1.5A
Output DC	15V $\approx$ 10A
Output Type-C	15W
Output Jump Start	12V
Battery capacity	13000 mAh
Full charging time	$\pm$ 5-6h
Start current	300 A
Peak current	800A
Operating temperature	-20°C $\sim$ 60°C
Dimension	152 x 81 x 32 mm
Weight	1,2 Kg
Part number	99005069

12V multifunction portable starter $\cdot$ High Efficiency LiPo Lithium Battery $\cdot$ 3 functions available: Booster 12V, Power Bank, Emergency LED light $\cdot$ Capable of starting all 12V vehicles up to 3.5L gasoline cars $\cdot$ USB and USB Type-C port for charging electronic devices (mobile phones, tablets, MP3 players etc.) $\cdot$ Equipped with short-circuit protection, overload, over-discharge, polarity inversion, over-voltage $\cdot$ ABS structure with V0 fire rating $\cdot$ Long service life: over 1000 operating cycles
