

A technical drawing of a mechanical component. The drawing shows a main rectangular body with a width of 120 units. A vertical rod extends from the top center of the body. On the left side of the body, there is a protrusion consisting of a vertical plate and a horizontal cylindrical feature. A dimension line on the left indicates a total height of 366 units from the bottom of the main body to the top of the vertical rod. A dimension line at the bottom indicates a width of 120 units for the main body.
